### VIINISTA VIINIIN 2010

Appreciation of Fonte do Beco 2007 in Finland

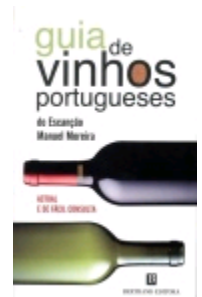

A youthful scent is darkish, earthy spicy and ripe berries. Medium rich taste follows closely with the aromas of the scent. It also has some leather and slight beastly features, even some floral perfume. A steady wholeness leaves an after-effect of earth and berries. Food recommendations: dark meat dishes, also stews with herbs . \* \* \* \*

### Portuguese Wines 2009 by Sommelier Manuel Moreira

Fonte do Beco red 2007 appreciated by Manuel Moreira

Full of personality, good structure and distinct, well in the acidity, versatile with an aromatic finish who give persistence. 15 / 20 Pts

### Finland - Portugal Association

Is a wine of the year from two years ago, named by "Viini" (wine) Magazine. This ink colour wine has warm and earthy fragrance. Dark berries, intensive and rich. Palate is berry acidic and long. Tasters gave this wine full point and recommended this down to earth wine to game and red meat.
